

CanadaGAP Announces Stakeholder Advisory Committee for 2020

CanadaGAP has announced its Stakeholder Advisory Committee members for 2020. The volunteer committee serves a technical advisory role to the CanAgPlus Board of Directors, meets annually and holds teleconferences as needed.

The Committee's role is to:

- Review proposed revisions and updates to the CanadaGAP food safety manuals and HACCP models, as required
- Review updates to the CanadaGAP Audit Checklist
- Review other technical matters related to the CanadaGAP program (e.g., self-assessment checklist and declaration of conformity, auditor training materials, etc.)

The Board appointed two new members (Simran Bains and Hayden Dooney) and four returning members (Jeff Hall, Stéphanie Levasseur, James Sefton, and Quinton Woods). Cathy McKay, a director on the CanAgPlus Board, was reappointed as Committee chair. All other individuals are returning members.
