

COMMUNIQUÉ CANADAGAP® COMMUNIQUÉ

To: CanadaGAP Program Participants and Other Stakeholders
Date: April 18, 2017
Subject: REMINDER – Survey: CanadaGAP Expert Assistance

PLEASE TAKE A FEW MINUTES TO COMPLETE A BRIEF SURVEY before the end of April.

We appreciate your feedback.

CanadaGAP is considering whether to provide new services such as training, workshops, presentations, one-on-one coaching, farm visits, email or phone support, or other technical services to help producers implement the program within their operation and better understand how to meet CanadaGAP requirements. The technical support could be available on a fee-for-service basis to individuals, groups, producers, operators or their employees, consultants, growers' associations, government representatives, etc. This would be a new direction for CanadaGAP, which currently does not provide consulting or individualized technical support to program users.

This brief survey should take no more than 5 minutes. Whether you are a producer, packer, broker, grower representative, consultant, government official, or other program user (individual or group) potentially interested in any of the proposed services, please spend a few moments complete the survey so that we can determine demand for "CanadaGAP Expert Assistance".

Link to the survey at: <https://www.surveymonkey.com/r/expertassistance>

The survey will be available until **April 30, 2017**. We thank you in advance for your comments.

Please contact the CanadaGAP office if you have any questions.

CanadaGAP® is a program developed in Canada to promote Good Agricultural Practices (GAPs) for fruit and vegetable suppliers.
